Kindergarten Scope and Sequence Table

Month	Theme	Key Focus Areas	Activities
August–September	Welcome to Kindergarten	Classroom rules, letters (A–F), numbers 1–10, shapes, colors	Create an alphabet wall, sorting shapes, and counting games
October–December	Exploring the World Around Us	Letters A–Z, numbers 1–20, shapes, patterns, seasons, plants, animals	Nature walks, pattern-making, and simple math activities
January–March	Winter Wonders and Our Bodies	Sight words, addition/subtraction, weather, body parts, living vs. non-living	Sight word games, weather experiments, body part songs
April–June	End-of-Year Reflection and Exploration of the Universe	Sentence building, number operations, Earth/Space, year review	Solar system model, number line practice, end-of-year project review

Key Focus Areas Breakdown

1. English Language Arts (ELA):

- Phonics: Letter-sound relationships.
- Letter Recognition: Identifying and writing letters.
- Vocabulary: Expanding word knowledge through reading and conversation.
- Comprehension: Understanding stories and answering questions.
- Early Writing: Drawing, labeling, forming simple sentences.

2. Mathematics:

- Number Sense: Recognizing numbers, counting, comparing quantities.
- Basic Operations: Simple addition and subtraction.
- Patterns: Identifying and creating repeating patterns.
- Shapes: Recognizing and naming basic geometric shapes.
- Measurement: Comparing length, weight, and volume.
- Data Collection: Sorting and organizing data.

3. Science:

- Observations: Using the senses to explore the world.
- Exploration: Investigating objects, materials, and environments.
- Seasons: Understanding weather changes and seasonal patterns.
- Weather: Identifying types of weather.
- Basic Biology: Learning about plants, animals, and the five senses.

4. Social Studies:

- Community: Roles of people in the community.
- Family Roles: Understanding family structures and responsibilities.
- Rules: Learning about classroom and societal rules.
- Basic Geography: Introduction to maps, locations, and directions.
- Citizenship: Learning about being a good citizen and respecting others.

5. Social-Emotional Learning (SEL):

- Emotional Awareness: Identifying and expressing emotions.
- Self-Regulation: Learning to control impulses and behaviors.
- Conflict Resolution: Solving problems with peers respectfully.
- Empathy: Understanding and sharing the feelings of others.

6. Physical Development:

- Fine Motor Skills: Activities like cutting, drawing, and writing.
- Gross Motor Skills: Running, jumping, and physical play.
- Coordination: Developing hand-eye coordination.
- Health Education: Basic hygiene and understanding of body health.

7. Arts and Music:

- Creative Expression: Using materials like paint and clay to create art.
- Rhythm: Clapping and tapping to music.
- Singing: Learning simple songs.
- Dancing: Exploring movement and rhythm through dance.
